2. In line with suggestions in the memo from Mr. Gates to you dated 15 December 1987, the summary memorandum to General Powell has been expanded to include assessments on where each of the interagency groups (IGs) is in the process of implementing the President's recommendations. An analysis of progress made by each IG now introduces those portions of the memorandum that discuss actions completed or in process by the respective group(s). This same format has been followed in relating progress made on the legislative proposals contained in the President's report. [REDACTED]
